

**Non-directional pattern** — promotes even wear over time

**SideArmor sidewall** — helps deflect stones and debris

**Tie bars** — reduce lug movement for long, even wear

**Deep tread** — provides solid traction and long wear life

The Firestone VersaBuilt Deep Tread radial tire is designed for long wear life and dependability in loader and earthmover applications.

### MAIN FEATURES

- Tread pattern designed to provide solid traction
- Tough proprietary compound for long wear life and cut resistance
- Heavy-duty all-steel radial casing
